Agenda Item Number: B
Staff Contact: Babe O'Sullivan
Contact Telephone Number: 682-5017

ISSUE STATEMENT

The Sustainability Commission reports annually to the council on its progress, accomplishments and challenges – and obtains direction for its proposed work plan for the coming year.

BACKGROUND

The Sustainability Commission is charged with advising on policy matters related to sustainable practices, businesses that produce sustainable products and services, City building design and infrastructure, and related issues that directly affect sustainability efforts considered by the City Council.

The core elements of the FY 16 Work Plan were developed in a commission retreat in July/August during which the commission reviewed its accomplishments from the previous year and identified priorities for the coming year. Consultations were also conducted with the Mayor and the City Manager. An important consideration this year was to narrow the focus to just five priority topics including:

- Envision Eugene
- Climate change mitigation and resilience
- Land use and transportation
- Sustainable Economic Development
- Emerging issues

The FY 16 Work Plan reflects a focused and strategic approach to working with the council and the City Manager to bring a sustainability perspective to key community initiatives. In carrying out its work in FY 16, the commission seeks to:

- Link effectively with related efforts of other advisory groups, agencies, City staff, community groups and elected officials;
- Respond strategically to time-sensitive issues; and,
- Illustrate linkages between policy initiatives and promote an integrated approach that reflects the tenets of Triple Bottom Line decision-making.

RELATED CITY POLICIES

- Resolution No. 4618 (February 2000) outlined a definition and statement of intent regarding the application of sustainability principles to the City of Eugene, and affirmed the commitment of City elected officials and staff to uphold these principles.
- Resolution Nos. 4884 and 4887 (summer 2006) established a sustainable buildings policy for City-owned and -occupied buildings.
- Resolution No. 4893 (November 2006) committed the City to sustainable practices and to businesses that produce sustainable products and services.
- Ordinance No. 20379 (February 2007) created the Sustainability Commission.

COUNCIL OPTIONS

The council could:

1. Approve the proposed work plan framework.
2. Approve the work plan with changes.
3. Request changes to the work plan before approval.

CITY MANAGER'S RECOMMENDATION

The City Manager recommends acceptance of the work plan.

SUGGESTED MOTION

Move to approve the Sustainability Commission FY16 work plan.
