Agenda Item Number: B  
Staff Contact: Sarah Medary  
Contact Telephone Number: 682-5336

---

### **ISSUE STATEMENT**

The City of Eugene and partners are engaged with community members in several significant planning efforts. The outcomes will offer guidance and recommendations for policies, legislation and actions in several areas. This work session has been scheduled to provide an overview of these efforts and the coordination and relationships among them.

### **BACKGROUND**

Recent council discussions have highlighted the benefit of identifying the multiple planning processes underway - current, recent and pending - and how they connect to one another. Among these processes are the Eugene Comprehensive Land Use Assessment and Envision Eugene, Community Climate and Energy Action Plan, special area plans and corridor studies (such as the West Eugene EmX Extension and Walnut Station Mixed Use Center), regional transportation planning and Eugene Counts.

### **RELATED CITY POLICIES**

These planning initiatives help fulfill a number of City and state policies, as well as council values for a safe community; sustainable development; accessible and thriving culture and recreation; effective, accountable municipal government; and fair, stable and adequate financial resources.

### **COUNCIL OPTIONS**

This item is informational.
