1. WORK SESSION: Review of 2015 Implementation of Bond Measure to Fix Streets and 2016 Pavement Management Program

Public Works Director Kurt Corey gave his annual update on the bond measure, Street Repair Review Panel work for 2015, auditor's findings, and an overview of the Pavement Management Report.

Council discussion:

- Great group effort to resolve this ongoing issue; staff delivered more than was promised.
- Consider impacts of development on unimproved roads; becoming dangerous for residents.
- This program is working exactly how it was intended.
- Council should look at what it would take to get the backlog balance down to \$0.
- Reducing the backlog from nearly \$300 million to \$80 million is remarkable.
- Look at ways to better communicate road repair schedule to community.
- Reevaluate streets with barriers from time to time.
- Consider adding yellow around busy intersection signs and crosswalk signs.
- Council has authority to designate streets as arterial connectors.
